

Module 4: Visual inspection of aircraft parts

Module 4: Visual inspection of aircraft parts

ASA-M4

Description

Module 4: Visual inspection of aircraft parts

Duration: 30 minutes

Objectives: At the end of this training session, you should be able to:

- Understand the importance of visual inspection
- Know the main attention points during visual inspection

Target Group: People working in Aviation environment and needing background on parts and aircraft qualification as part of their daily activity (receiving/shipping inspectors, ...)

Exam conditions

All trainees need to pass a final exam in order to complete the course. The minimum pass grade is 80%. If a trainee fails for the first time, he/she will be given a second attempt at the exam. If a trainee fails twice, he/she will have to retake the entire course.
